FROM THE PRESIDENT

Since the outbreak of the COVID-19 virus pandemic, Goodwill Industries of Central Alabama (GICA) has been continually evaluating ways to provide service to the community and conduct our normal operations. As we learned more about the virus' effects, we were able to focus on creating safe programs and workplaces for our employees and clients. In an effort to blunt the spread of the virus, masks and sanitizers were made readily available in our workplaces and stores. We also strongly encouraged all employees to receive the COVID vaccine.

While we continued to manage our COVID recovery, we were able to maintain our employment services for people with disabilities. Programs that were shut down have been restarted and in some cases expanded through a more effective use of available technologies. Virtual training allowed many programs such as Job Readiness Training for prison inmates to continue. In the future, we will continue to expand technology assisted training and work closely with the Alabama Department of Rehabilitation Service (ADRS) to meet the changing needs for our services.

None of what we do would be possible without the continued support of our donors, customers, and the dedication and hard work of our employees. We thank all of you and look forward to your continued support as we move into a new year.

– **Cecil Robins**, President

Zandra Jones

Zandra Jones has been with Goodwill for the past six years. She started in the Air Base Boulevard plant, sorting donations. In the past couple of months she began working in the Air Base retail store. Zandra wanted to make the switch to retail so she could have more interaction with customers and “get to greet them with a smile.” Zandra was diagnosed with a hearing impairment at six months old. Zandra enjoys working at Goodwill because she relates to the people she works with, but also because she likes to help those who struggle as well.

“Goodwill encourages me to do the best I can. I might not know how to do everything, but Goodwill is a safe place where I can ask for help.” – Zandra Jones

Tom “Red” Perry

Tom “Red” Perry was in a car accident in 2001. He suffered a spinal cord injury that left him paralyzed from the waist down. When Red first had the accident he felt depressed and overwhelmed. He worked hard to overcome those feelings and instead have a positive, upbeat attitude on life. Red has been working for Goodwill a little over two years. He works at the Eastern Boulevard retail store. The state has provided Red with an electric wheelchair to use while he is working at the store. The chair allows him to take on larger tasks at work. He enjoys greeting donors, collecting donations and helping his team members.

“I love being around customers. I like getting out and doing something with my life. I didn’t want to just sit and watch TV all day. I am thankful that places like Goodwill exist, so people with disabilities can get out and work.” – Tom “Red” Perry
