FROM THE PRESIDENT

Goodwill Industries was founded in 1902 in Boston by the Rev. Edgar Helms. Helms collected used household goods and clothing in wealthier areas of the city and hired people in need to prepare the goods for resale. The system worked, and 120 years later, there are 155 autonomous local Goodwill agencies in the United States and Canada. Goodwill agencies today focus on helping people with disabilities or other barriers find employment. The results are impressive: In 2021, more than 123,000 people were placed in jobs and 2 million received job services. Goodwill Industries of Central Alabama is a proud member of the Goodwill network of autonomous, nonprofit corporations. We are providing employment and placement services for people with disabilities, Smart Work Ethics training, and vocational tours for high school students. Vouchers are also given to individuals needing help because of personal emergencies caused by fires or floods. All is made possible because of the generosity of our donors and the dedication and hard work of our employees. We thank you all for your continued support.

– **Cecil Robins**, President

Goodwill has helped people go to work since 1902. We train people for careers in fields such as financial services, computer programming and healthcare. We provide employment, job training and other community-based programs for people with disabilities, those who lack education or job experience, and others facing employment challenges.

Every 45 seconds of every business day, someone earns a job with the help of Goodwill.

Goodwill provides training, vocational rehabilitation and employment opportunities for people with disabilities or other vocational problems which result in barriers or limitations to competitive employment.

A-RESET Alabama Resources for Enrichment, Self-Sufficiency & Employment Training is a new program that enables Food Stamp recipients to become more self-sufficient through participation in a wide variety of job searches, training, education, and work experience activities.

Tom “Red” Perry

Tom “Red” Perry was in a car accident in 2001. He suffered a spinal cord injury that left him paralyzed from the waist down. When Red first had the accident he felt depressed and overwhelmed. He worked hard to overcome those feelings and instead have a positive, upbeat attitude on life. Red has been working for Goodwill a little over two years. He works at the Eastern Boulevard retail store. The state has provided Red with an electric wheelchair to use while he is working at the store. The chair allows him to take on larger tasks at work. He enjoys greeting donors, collecting donations and helping his team members.

“I love being around customers. I like getting out and doing something with my life. I didn’t want to just sit and watch TV all day. I am thankful that places like Goodwill exist, so people with disabilities can get out and work.”
– Tom “Red” Perry

“Goodwill encourages me to do the best I can. I might not know how to do everything, but Goodwill is a safe place where I can ask for help.” – Zandra Jones

Zandra Jones

Zandra Jones has been with Goodwill for the past six years. She started in the Air Base Boulevard plant, sorting donations. In the past couple of months she began working in the Air Base retail store. Zandra wanted to make the switch to retail so she could have more interaction with customers and “get to greet them with a smile.” Zandra was diagnosed with a hearing impairment at six months old. Zandra enjoys working at Goodwill because she relates to the people she works with, but also because she likes to help those who struggle as well.
